**HEAD START TRAINING
 MADE HIGHLY
 ACCESSIBLE...**

Since 1994, HS University has set the standard in Head Start professional development. With over 300 workshops located in 15 states, HS University is dedicated to building a foundation for Head Start program success. Head Start professionals can attend workshops in exciting cities around the US or conduct an onsite event at your program location. Either way we make meeting requirements more accessible than ever before.

Head Start Focused Learning Programs...

The demand for specialized and skilled Head Start professionals is strong and growing on a daily basis. Agencies need to be assured that the professionals they hire can handle compliance and regulatory issues. HS University courses provide a blueprint for professionals to obtain quality effective Head Start training so they can plan, implement, manage and use staff development budgets effectively. Our trainings, certificates and credential programs can assist your agency in

Credentials for Head Start Professionals...

Obtaining a credential is the next progression in a Head Start professionals career. Beyond the educational degree, a professional credential denotes professional commitment and achievement and represents a "plus" feature of certifying knowledge and experience that meets or exceeds excellence in work at the national level. Head Start professionals agree to a critical review process that includes evaluation of the candidate's educational preparation, practice experience and peer review of observable skills and abilities.

THE FACULTY

Our main focus is Head Start professionals. As a leader in our field, we offer you a wide range of services that are specifically tailored for the Head Start community. We have an excellent cadre of instructors whose trademark is real-world Head Start experience. Our goal is to help your Head Start program succeed. We want **you** to see the difference in your staffs performance. At our University, you have unsurpassed curriculum choices and access to over 100 highly qualified experts at over 28 locations around the US.
