

A DIFFERENT SCHOOL OF LEARNING

About HS University...

With more than a decade of experience in Head Start and Early Head Start Programs, our perfected trainings are a proven method of advancement for programs. Beyond the convenience of online and campus training and on-site technical assistance, HS University also offers programs one of the most up-to-date and relevant credential programs anywhere. Created in cooperation with the Head Start and Early Head Start experts, our programs provide skills and expertise that are regulations based. Our Experts are continually updated to reflect the latest regulation requirements, methods and practices, so you can be sure your program is being fully prepared for today's Head Start and Early Head Start federal mandates.

HS University is the leader in Head Start training and technical assistance services. Partnering with Universities across all 50 states, we have put together one of the largest selections of Head Start degree-oriented course offerings in the Head Start community. Our instructors are all certified and average more than 10 years of practical Head Start experience. Last year, HS University instructors taught more than 200 Head Start classes and over 1500 Head Start professionals. We offer training and programs for both small and large agencies, and we specialize in building custom training programs. **Why do so many Agencies depend on HS University and not someplace else?** It's because HS University isn't like anyplace else.

A Different School of Learning...

HS UNIVERSITY PARTNERSHIPS

Experience a different kind of classroom.

A TRADITION OF EXCELLENCE

Learn in person, on your laptop, or from your iPhone.

At HS University, we've reinvented training for today's Head Start Professionals. In fact, we have made significant investments in our technology, services, faculty and campuses to bring you the best experience possible. HS University offers credential and license programs that meet compliance and regulations standards and fit Head Start program budgets. HS University offers campus and online trainings as well as credential and

license programs. In order to align our courses with college credits, most classes are only 15 to 20 students. This means more individual attention and better communication between the instructor and students. Online courses are built on Blackboard Learning System™. This system allows students to attend classes online via their laptops, iPads, iPhone or other Android devices 24 hours a day, 7 days a week.

Our mission is to serve your program... "Plain and simple!" We understand your needs and make your Head Start, Early Head Start, Non-Profit, Government or Community Service Agency our business. "We help you get the results you want."

Turn trainings into degrees...
Earn a credential or license that can be used toward higher education degrees. Our programs can help your staff align with regulations standards and requirements

MAINTAINING YOUR LICENSE

HS University courses will also help you earn credits toward meeting CE requirements for your licensure renewal. HS University works in collaboration with **National Association for Social Workers (NASW)** to enhance the professional growth and development of social workers in order to create and maintain professional standards, and to advance sound social policies. The National Association for Social Workers is the largest membership organization of professional social workers in the world, with 150,000 members. Ask about earning Continuing Education Credits (CEUs) today!

BECOME AN HS UNIVERSITY LEARNING PARTNER...

HS University's Learning Partners are Head Start programs with the learning competency, licensed staff and training facilities that meet stringent HS University qualifications to train, credential and license Head Start professionals. Provide your staff with the opportunity to earn college-level credits toward a undergraduate and graduate degree.

Did you know HS University trainings count toward college degrees? A partnership with HS University allows programs to offer staff access to higher education degrees. HS University has partnered with local Universities in all 50 states that allow credits earned through HSU to apply towards both upper division and lower division credits requirements of degree programs. To be eligible for credits, you must be enrolled in a credential or license program.

Benefits...

Our education partnerships allow programs to shape courses to meet their local and state mandates. Other benefits include:

- **Budget solutions**—We can streamline and customize your professional development budgets to meet program needs.
- **Direct support**— Programs are assigned an education team to advise you with setting up your education programs and professional development courses calendars.
- **Tailored Communication**— We will help promote education to your staff with emails, flyers on your program's education landing page.
- **Comprehensive reporting**— To manage your professional development goals, we can provide you with FERPA compliant reports on your staff's educational goals.

Whether you deliver training to your staff as one of your core services or as your entire program practice, attaining the license competency can open new opportunities for your program staff. The HS University partnership benefits can help you save time and budget professional development while you strengthen staff capabilities, and better serve families.

AGENCIES OF ALL SIZES ARE PARTNERING WITH HS UNIVERSITY TO PROVIDE STAFF WITH THE KNOWLEDGE THEY NEED TO MEET FEDERAL REQUIREMENTS.
