

## HSFIS Certified Systems Administrators (HSCSAs)

HSCSAs receive these benefits:

- Industry recognition of your knowledge and proficiency with HSFIS products and technologies.
- Access to technical and product information—directly from HSFIS—through the HSCP Member Site.
- Access to exclusive discounts on products and services from selected companies. Some offers are available only to HSCSE and HSCDBAs. Access these benefits by visiting the HSCP Member Site.
- HSCSA certificate, transcript, wallet card, and lapel pin to identify you as a HSFIS Certified Professional to colleagues or clients. Electronic files of logos and transcript may be downloaded from the HSCP Member Site upon certification.
- Invitations to HSFIS conferences, technical training sessions, and special events.
- Free access to HSFIS Certified Professional Online, a career and professional development section. (All HSCPs may access the online's security-enhanced content. Some HSCPs may also be eligible to receive the print version of the section free.)

The HSFIS Certified Systems Administrator (HSCSA) credential proves that you have the skills to successfully implement, manage, and troubleshoot the ongoing needs of HSFIS & Windows® 2000–based operating environments.

An HSCSA candidate should have 12 months of experience working with a desktop operating system, a network operating system, and an existing network infrastructure.

**Note:** HS University has developed independent certification requirements for HSFIS. See HSCSA on HSFIS Certification Requirements for exam details.

HSCSA candidates are required to pass three core exams and one elective exam. Additional exams may be required for HSCSA specializations. The following tables list Official HSFIS Learning Products and HSFIS books designed to help you prepare for these exams.

## Core Exams (3 Exams Required)

<b>Core Exams: Client Operating System (1 Exam Required)</b>	<b>Courses</b>	<b>Books</b>
<b>Exam 80–210</b> <sup>1</sup> : Installing, Configuring, and Administering HSFIS	<p><b>Course 2151:</b> HSFIS Windows 2000 Network and Operating System Essentials (3 days)</p> <p><b>Course 2152:</b> Implementing HSFIS &amp; Windows 2000 Professional and Server (5 days)</p> <p><b>Course 1560:</b> Updating Support Skills from HSFIS &amp; Windows NT® 4.0 to HSFIS &amp; Windows 2000 (5 days)</p>	HSCSA/HSCSE Self-Paced Training Kit: Managing a HSFIS & Windows 2000/XP Network Environment
<b>Exam 80–270:</b> Installing, Configuring, and Administering HSFIS & Windows XP Professional	<p><b>Course 2272:</b> Implementing and Supporting HSFIS &amp; Windows XP Professional (5 days)</p> <p><b>OR</b></p> <p><b>Course 2285:</b> Installing, Configuring, and Administering HSFIS &amp; Windows XP Professional (2 days)</p>	HSCSA/HSCSE Self-Paced Training Kit: Managing a HSFIS & Windows 2000/XP Network Environment

<b>Core Exams: Networking System (2 Exams Required)</b>	<b>Courses</b>	<b>Books</b>
<b>Exam 80–215</b> <sup>1</sup> : Installing, Configuring, and Administering HSFIS & Windows 2000 Server	<p><b>Course 2151:</b> HSFIS &amp; Windows 2000 Network and Operating System Essentials (3 days)</p> <p><b>Course 2152:</b> Implementing HSFIS &amp; Windows 2000 Professional and Server (5</p>	HSCSA/HSCSE Self-Paced Training Kit: Managing a HSFIS & Windows 2000/XP Network Environment

	days)  <b>OR</b>  <b>Course 1560:</b> Updating Support Skills from HSFIS Windows NT® 4.0 to HSFIS Windows 2000 (5 days)	
<b>Exam 80–218:</b> Managing a HSFIS & Windows 2000 Network Environment	<b>Course 2126:</b> Managing a HSFIS & Windows 2000 Network Environment (5 days)	

**Elective Exams (1 Exam Required)**

<b>Elective Exams (1 Exam Required)</b>	<b>Courses</b>	<b>Books</b>
<b>Exam 80–028<sup>2</sup>:</b> Administering HSFIS & SQL Server 7.0	<b>Course 832:</b> System Administration for HSFIS & SQL Server 7.0 (5 days)	HSCSA/HSCSE Self-Paced Training Kit: Managing a HSFIS & Windows 2000/XP Network Environment
